

TARA RITRÖ LOMA GYÖNMA

*Noble Lady of Mountain Retreat, Clothed in Leaves,
Who Removes Contagious Diseases*

ཨོྃ་ཏཱ་རེ་ཏུ་ཏཱ་རེ་ཏུ་རེ་ན་མ་ཏཱ་རེ་མ་ནོ་རྟ་ར་སྐྱུ་རྟ་ར་སྐྱུ་རྟ་

Om Tāré Tuttāré Turé Nāmā Tāré
Mano Hara Hung Hara Svāhā

RITRÖ LOMA GYÖNMA is peaceful and yellow red like saffron.
Devotedly reciting her mantra dispels all deadly epidemics.
Upon her Utpala flower is a round vessel filled with nectar.
Her eyes are like the sun and the full moon. From the sun of her right eye
shines radiant light, destroying all disease-bearing beings.
From the moon of her left eye, a rich stream of nectar descends,
healing all forms of disease, including their causes and consequences.
