

From the Tingri Langkhor Chöd Lama with devotion.

Having checked in many different ways through signs in my dreams and other prophecies it is clear that Tara Mandala's Jetsunma Karma Tsultrim Chödrön is an emanation of Machig Labdrön. I have already given her Machig's Chöd empowerments, oral transmissions and explanations (wang, lung, tri) and I definitely authorize her to spread and increase Machig's Chöd lineage. All of you fortunate people should trust this to be true and make heartfelt prayers for her long life.
